FOR IMMEDIATE RELEASE

The new Honcho UTV 5000 has been designed for UTV enthusiasts!

(Tulsa, Oklahoma) Ramsey introduces the Honcho UTV 5000. The Honcho provides an impressive 5000lbs. of pulling power. Your UTV will be able to get out of any mess with 5000lbs. of brute pulling strength. With the growing popularity of the UTVs, also comes the need for a larger winch. The Honcho 5000 will provide the much needed pulling strength for these Multi-purpose utility vehicles. This is the most powerful ATV winch on the market today.

Features of the Honcho UTV 5000, compact design, weather resistant solenoid assembly, sixty feet of 7/32" galvanized aircraft cable, 3-stage planetary gear system for the fastest line speed, automatic load-holding brake for strength, a cam action clutch that disengages the planetary gear system for rapid free spooling, a dash mounted switch winch control, and a roller fairlead.

For over 60 years, Ramsey Winch has been a leader in the winch industry. Ramsey currently manufactures over 150 winch models for front mount self-recovery and industrial applications. Headquartered in Tulsa, Oklahoma, Ramsey Winch markets their products in more than 85 countries worldwide.
